OVERVIEW

LIMITATIONS OF THE QUICK REFERENCE GUIDE

The Quick Reference Guide is designed to provide information on the basic operation and key features of the navigation system and Entune™ (apps and data services). The Quick Reference Guide is not intended as a substitute for the Navigation Owner's Manual. We strongly encourage you to review the Navigation Owner's Manual, the quick reference guide and visit www.toyota.com/entune so you will have a better understanding of all your vehicles features and controls.

BASIC MAP OPERATION

* NOTE: The position of AUDIO and HOME buttons may be different on some vehicles.

- 1 NORTH-UP OR COMPASS MODE Icon**
Touch to change the map display between North-up or Head-up perspectives.
- 2 ZOOM IN/ZOOM OUT Icons**
Touch to magnify or reduce the map scale.
- 3 HOME Button**
Access to Navigation Screen
- 4 APPS Button**
Access to APPS, Entune (Bing, MovieTickets, OpenTable, etc...) fuel consumption, traffic, fuel prices, sports, stocks, weather, and map data.
- 5 AUDIO Button**
Access to audio functions.
- 6 CURRENT VEHICLE POSITION Mark**
Indicates the current position of the vehicle and its directional heading.

Quick Tip - The USB and AUX port location and design are different depending on the vehicle. For details, see the Owner's Manual.

PLEASE READ

WHAT IS ENTUNE[®] APP SUITE?

The available Entune App Suite system is a collection of popular mobile applications and data services integrated with select 2014 Toyota vehicles. Entune App Suite is subscription free.

Once the phone is connected to the vehicle using Bluetooth[®] wireless technology, Entune's App Suite features are operated using the vehicle's controls or, for some services, by voice recognition. Entune App Suite includes mobile apps for Bing[™], iHeartRadio, MovieTickets.com, OpenTable[®], Pandora[®], Facebook Places and Yelp. Data services include Fuel, Sports, Stocks, Traffic and Weather.

See www.toyota.com/entune for availability of apps and services.

ENTUNE APP SUITE*

In order to access Entune App Suite applications from your vehicle's touch screen, an Entune App Suite capable phone is required and you must use a computer to register for Entune App Suite. Visit www.toyota.com/entune to learn all about Entune App Suite features and use the link to register. After you register, use your cell phone to download the Entune App Suite from the appropriate app store.

For additional information on Entune App Suite and to check phone compatibility, visit www.toyota.com/connect or call the Toyota Customer Experience Center at 1-800-331-4331.

PHONE COMPATIBILITY

An Entune App Suite capable phone is required to use the additional features. Check phone compatibility by one of the following methods:

- Visit: www.toyota.com/connect
- Call the Toyota Customer Experience Center at 1-800-331-4331

Note: You do not need an Entune App Suite capable phone to use Bluetooth[®] hands-free, Bluetooth audio or the navigation system. To connect a Bluetooth Phone, refer to page 3.

*Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. Select Entune App Suite use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. Not all apps and data services are available at all times and all locations. Apps identified by "™" or "®" are trademarks or registered trademarks of their respective companies and cannot be used without permission. See toyota.com/entune for the latest information regarding apps and services.

BASIC OVERVIEW

	Step	Reference	
Phone Compatibility	1 Confirm that your phone is able to run the Entune App.	Go to "PHONE COMPATIBILITY" on page 22.	
Download App	2 Download the Entune App to your phone.	Using your cell phone, find the Entune App in the Apple App Store™, Google Play™.	
Account Creation	3 Enroll via your mobile device or register on www.toyota.com/entune and create a personal Entune App account using your computer.	Go to "ACCOUNT CREATION" on page 6.	
Launch App and Login	4 Launch the Entune App on your phone and sign in.	The Entune App must be running on the mobile device in order to use the internet services.	User Name: <input type="text"/> Password: <input type="password"/>
Connect	5 Connect your phone to your vehicle, and experience Entune App.	Go to "CONNECT A BLUETOOTH PHONE" on page 7.	

ACCOUNT CREATION

- step 1** From a mobile device (Entune App) or a computer, access www.toyota.com/entune
- step 2** From a mobile device, click "Sign Up for Entune," or from a computer, click on the Register button on the right hand side of the screen.
- step 3** Create your Entune App account.
- step 4** Follow the easy steps to complete your account.

DOWNLOADING ENTUNE APP SUITE TO YOUR PHONE

Using your cell phone, connect to your app store (Apple App StoreSM, Google PlayTM), search for Entune and download. Contact your mobile device provider if you need assistance.

LAUNCH APP

In order to view the Entune App Suite on your vehicle display, some phones may require an additional step after they have been connected. After signing in, select Options on your phone to ensure the phone is connected and listening.

CONNECT PHONE

See page 7 for instructions.

ACCESSING ENTUNE APPS

- step 1** Press  on the faceplate.

- step 2** Use  or  or swip with your finger to access the additional Apps

The Entune App contains the only individual apps that will work with your vehicle. Other apps downloaded on your phone are not available through Entune.

Quick Tip - The Entune App must be running on the mobile device in order to use the internet services.

CONNECT A BLUETOOTH PHONE

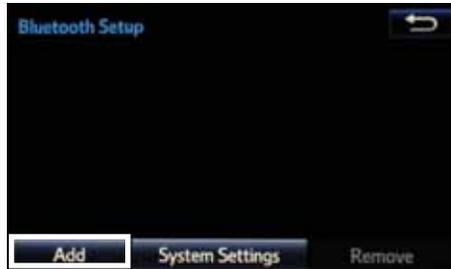

Pairing your phone is the first step in connecting with your Toyota for hands-free calling and for audio streaming via Bluetooth. The pairing process is quick and easy: all iPhone mobile digital devices and Android smartphones have Bluetooth integrated; all you have to do is setup the phone and multimedia system to "talk" to each other and form a connection. Let's get started, first insure that your phone Bluetooth setting is turned on, then follow the steps below.

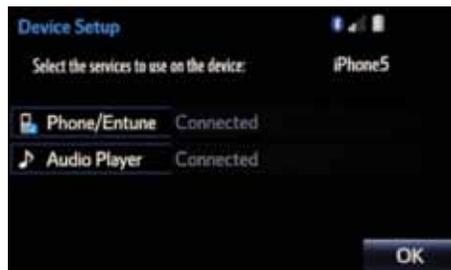

step 1 Begin by pressing the APPS button  and touch the Set Up icon  on the faceplate, followed by .

step 3 Go to your phone and access Bluetooth settings, touch the device to be paired. Confirm the PIN and hit "OK." Once you have connected the Bluetooth device, it is automatically connected whenever the engine switch is in the "ACC" or "ON" position.*

step 2 Press  on the display screen.

step 4 Upon connection, the system will indicate that the pairing process was successful.

Quick Tip -Up to four Bluetooth devices can be paired. A paired device can be connected to any of its supported profiles such as phone, music and/or internet.

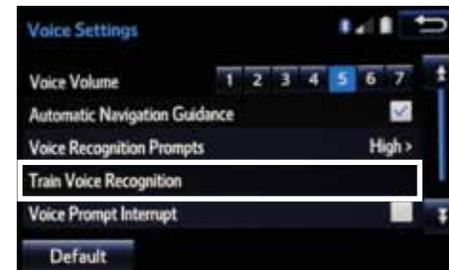

* For detailed pairing instructions, see your audio system owner's manual.

ADVANCED VOICE RECOGNITION SYSTEM

VOICE RECOGNITION TRAINING AND TUTORIAL

Before you begin using the voice recognition system, it is recommended that you access "Train Voice Recognition" and "Voice Recognition Tutorial" in the Set Up menu. Voice recognition training is a feature that will help tune the voice recognition system to better understand your voice. For best results, it is recommended that voice recognition training be done when there is minimal background noise. The voice recognition tutorial will give an overview of how to use the voice recognition system, including how to make calls and how to customize your experience.

TRAIN VOICE RECOGNITION

step 1 Press the Set Up icon  on the faceplate followed by . Then select .

step 2 Follow the system prompts and repeat a series of phrases after each beep. You will also be able to select the desired level of system guidance.

VOICE RECOGNITION TUTORIAL

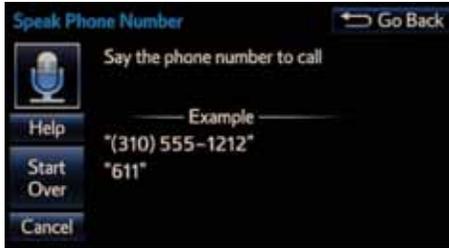

step 1 Press the Set Up icon  on the faceplate followed by . Then select .

step 2 Select desired tutorial program to run.

CALLING BY VOICE RECOGNITION

DIAL BY NUMBER

step 1 Press  on the steering wheel. After the beep say, "Dial <number>." Say the phone number digits individually, without pausing (e.g. "Dial Three, one, zero, four...").

Quick Tip - If you know your next command, you can press  at any time to interrupt the prompt. Speak your command after the beep.

step 2 The system will ask you to verify the number.

step 3 Call will begin dialing.

 Some Bluetooth® equipped cell phones may or may not show battery or signal strength on the display.

Quick Tip - It is recommended that you reduce background noise prior to using the Voice Recognition system. Conversation, high fan speed, wind noise (open windows), etc., may prevent the voice recognition system from understanding your commands.

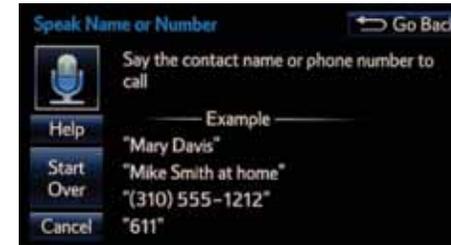

step 4 Call is active when **Talking...** is indicated. To end call, press  on the screen or  on the steering wheel.

CALLING BY VOICE RECOGNITION

DIAL BY NAME

If you are able to successfully transfer your phone book, you can dial by name using voice recognition. Please say the name exactly as it is entered in your phone when in the telephone screen. If you have difficulty pairing your phone, or are unable to transfer your cell phone book, please refer to the cell phone manufacturer's user guide.

step 1 Press  on the steering wheel. After the beep say, "Call <name>*" Please say the name exactly as it is entered in your phone.

step 2 Verify the contact name, and then dialing will begin.

*NOTE: When saying contact name, be sure to say it exactly as it is entered in your address book

Quick Tip - If you know your next command, you can press  at any time to interrupt the prompt. Speak your command after the beep.

step 3 Call is active when **Talking...** is indicated. To end call, press  on the screen or  on the steering wheel.

DESTINATION INPUT

BY ADDRESS

step 1 From the home screen, touch the map, followed by **Dest.**

step 2 Press **Address** and enter the desired State/Province.

step 3 Touch **City** and move to step 4.

step 4 Input the city name.

step 5 Touch the desired city name.

step 6 Input the street name and touch **OK**.

Quick Tip - Enter the street name without prefixes such as North or the letter N. The system will display the base street name without prefixes or suffixes on the next screen.

DESTINATION INPUT

BY ADDRESS

step 7 Touch the desired street name.

step 8 Input the house number and touch **OK**.

step 9 Touch **Go**.

step 10 Touch **3 Routes** followed by **Info**.

step 11 Select the desired Route. See page 15 for route selection.

step 12 Touch **OK** to start route guidance.

DESTINATION INPUT

NOTE ON VOICE RECOGNITION

The navigation system's voice recognition feature will compare your spoken words with computer-generated word patterns preprogrammed in the database. If the system does not provide your intended match, please try a different pronunciation. Voice-activation names are not available for every street and city.

TIPS FOR USING VOICE RECOGNITION

tip 1 Before using voice recognition, roll up all windows and set the climate control fan on low or off to reduce background noise in the cabin.

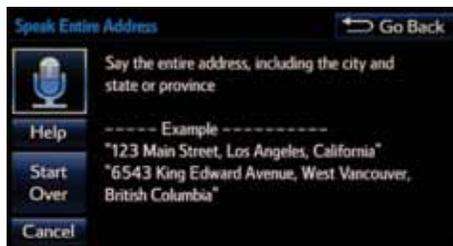

tip 3 Streets should be spoken without prefixes or suffixes. Street names should be spoken as in these examples:
1st Street, say: "First"
E 15th Street, say "Fifteenth"
190th Street, say "One hundred ninetieth"
Point Court, say "Point"

tip 5 Speak at a normal volume and pace, and pronounce words clearly.

tip 2 Have the full and correct address in mind. The system will ask for the state, city, and street name followed by the house number as separate inputs.

tip 4 Say a street address number as single digits. Examples:
125, say: "One two five"
2000, say: "Two zero zero zero"
32307, say: "Three two three zero seven"

BY ADDRESS-VOICE RECOGNITION

step 1 Press on the steering wheel. After the beep say, "Go to <Number, Street, City, State>."

Quick Tip - If you know your next command, you can press at any time to interrupt the prompt. Speak your command after the beep.

step 2 Verify the address and say "Go Directly" after the beep, or touch

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY NAME

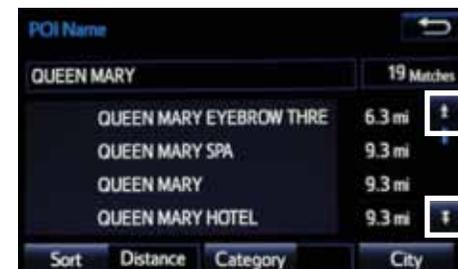

step 1 From the home screen, touch the map, followed by . Press

step 2 Touch

step 3 Input the POI name and if necessary touch .

step 4 Use or to scroll up or down. Touch the desired destination.

Quick Tip - If the POI isn't listed in the database verify the spelling and Search Area for accuracy.

step 5 Touch . See page 15 to select desired Route Preference.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY CATEGORY

step 1 From the home screen, touch the map, followed by **Dest.**. Press **Point of Interest**.

step 2 Touch **Category** followed by the category location and desired sub-category.

step 3 Scroll to select desired point of interest and touch **Go**. See page 19 to select desired Route Preference.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY CATEGORY - VOICE RECOGNITION

Quick Tip - You can search for many dining, hotel and fuel chains by name, e.g., "Find Nearby Starbucks."

step 1 Press **voice icon** on the steering wheel. After the beep say, "Find Nearby <POI category>" (e.g., "Find Nearby Hotel.")

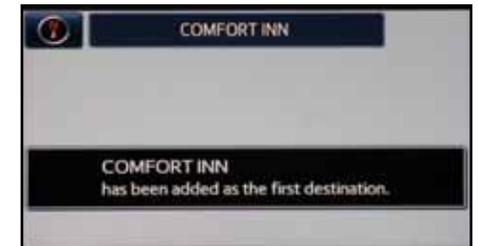

Quick Tip - If you know your next command, you can press **voice icon** at any time to interrupt the prompt. Speak your command after the beep.

step 3 After the beep say, "Start guidance" or "Call them."

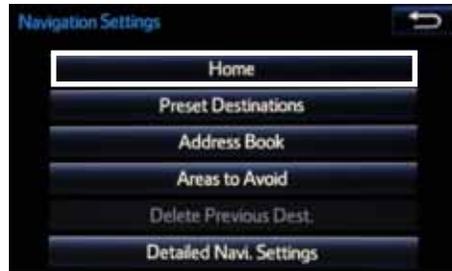

step 2 After the beep say, the number that corresponds to the desired destination.

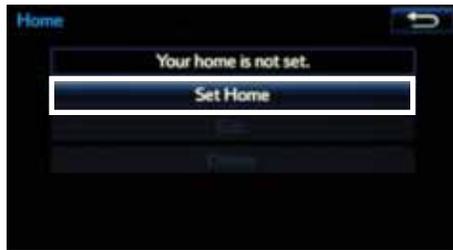

step 4 Start route guidance.

step 1 Press the Set Up icon on the faceplate followed by 

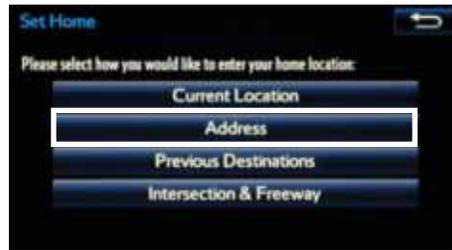

step 2 Touch 

step 3 Touch 

Tip - For security reasons, use a point close to your home instead of your actual home address.

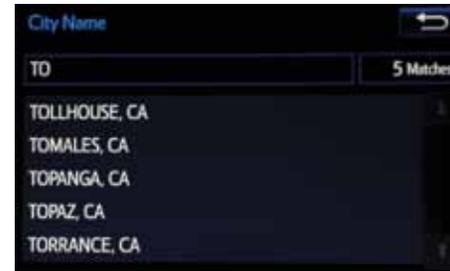

step 4 Touch 

step 5 Touch 

step 6 Input the city name.

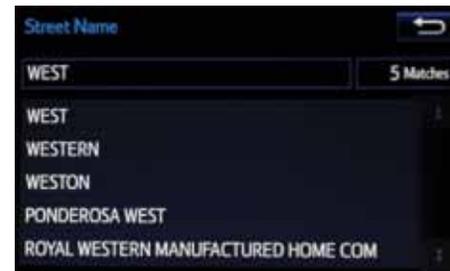

step 7 Touch the desired city name.

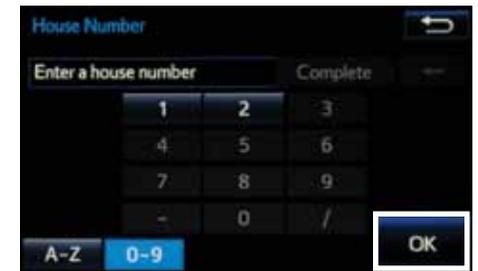

step 8 Input the street name and touch 

Quick Tip - Enter the street name without prefixes such as North or the letter N. The system will display the base street name without prefixes or suffixes on the next screen.

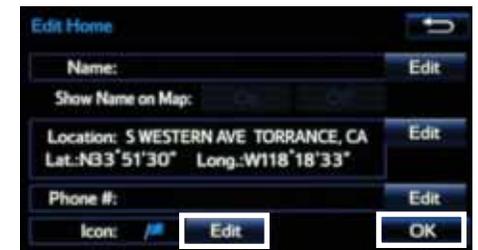

step 9 Touch the desired street name.

step 10 Input the house number and touch 

step 11 Confirm location and touch 

step 12 Touch  followed by the desired icon for your home. Touch 

ADDITIONAL NAVIGATION FEATURES

OPERATION OF EMERGENCY SCREEN

PRESS >

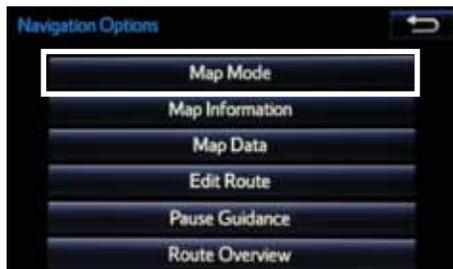

Touch the desired emergency category. If the vehicle is in motion, only nearby police stations, dealers, hospitals or fire stations are shown.

ROUTE PREFERENCES

Once the address has been inputted, select the desired route preference(s) for the trip. By selecting **Info** the system will display time, toll roads, ferry and freeway information.

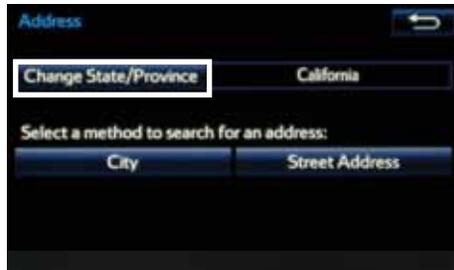

SCREEN CONFIGURATIONS

SELECT NAVIGATION APP >

Select what information to display with the map. Some selections are available during route guidance mode only.

SEARCH AREA

Prior to inputting the desired address select the State/Province by pressing **Change State/Province**. The system is only capable of searching for an address within one state or province at a time.

3 ROUTES

One of three routes may be chosen for the trip: **Quick**- is the easiest route, usually the fastest **Short**- is the most direct based upon driven mileage **Alternate**- is the second fastest route

ADDITIONAL NAVIGATION FEATURES

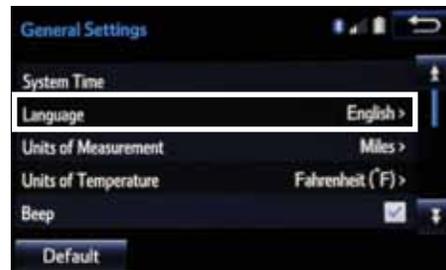

BEEP SETTING

PRESS SET UP ICON **>**

Check the Beep box on or off.

LANGUAGE

PRESS SET UP ICON **>**

Select Language Preference: English, French or Spanish.

VOICE VOLUME

PRESS SET UP ICON **>**

Adjust the Voice Guidance volume level.

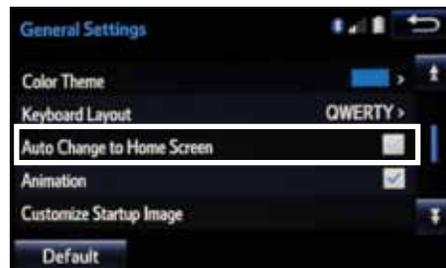

SYSTEM TIME

PRESS SET UP ICON **>**

Adjust the Time Zone and Daylight Saving Time option.

AUTO CHANGE TO HOME SCREEN

PRESS SET UP ICON **>** **>**

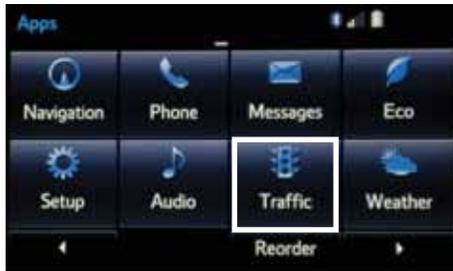

Once the screen transition is unchecked (off), the audio screen will remain without reverting to the map display.

AUDIO LIVE PAUSE AND TAG

The Audio App features a pause function that will record up to 20 minutes of live radio for playback later. The **Tag** feature will record a song from live radio for purchase from a paired mobile device later.

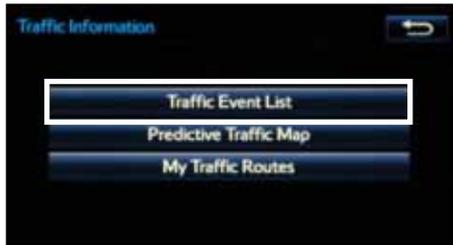

NOTE: When the vehicle is turned off or the radio station is changed, any saved audio content will be lost.

The Traffic App integrates with your navigation system to display continuously updated traffic information for over 100 markets. Just begin by pressing the APPS button and electing

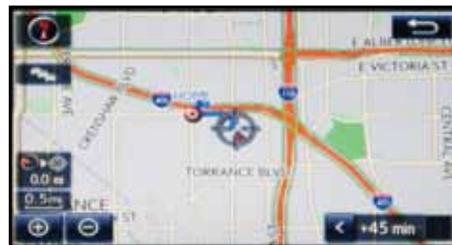

TRAFFIC EVENT LIST

To see local traffic events, touch **Traffic Event List** and you will see a list of events at your location. Touch **On Current Route** to see events along your current route

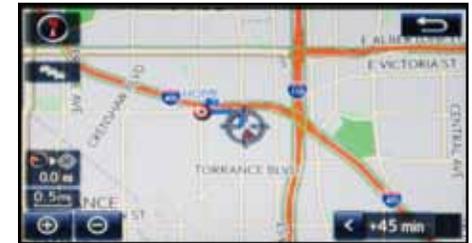

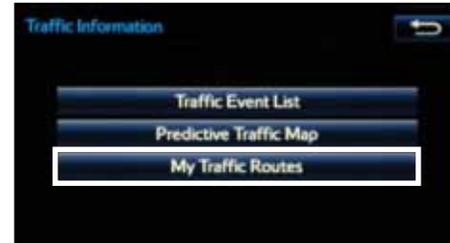

PREDICTIVE TRAFFIC MAP

Predictive Traffic Map is a feature that displays traffic conditions for the current time based on historical trends at the location. To see a predictive traffic map, touch **Predictive Traffic Map**. The Predictive Traffic Map can be set to predict traffic conditions 15, 30 and 45 minutes from the current time.

Always drive safely, obey traffic laws & focus on the road while driving. Availability and accuracy of the information provided by HD services is dependent upon many factors. Services not available in every city or roadway. Use common sense when relying on information provided. HD Radio(tm) Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. MY TRAFFIC ROUTES

My Traffic Routes lets you store favorite and previously traveled routes to check traffic conditions. To see traffic routes, touch **My Traffic Routes**.

AUTOMATICALLY AVOID TRAFFIC

step 1 Press the Set Up icon on the faceplate followed by **Traffic**.

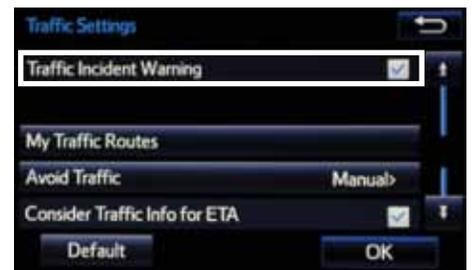

step 2 Select the **Avoid Traffic** option to switch from Manual to Automatic and press **OK**. The system will automatically select another route when moderate or heavy traffic is detected during route guidance.

TRAFFIC INCIDENT WARNING

step 1 Press the Set Up icon on the faceplate followed by **Traffic**.

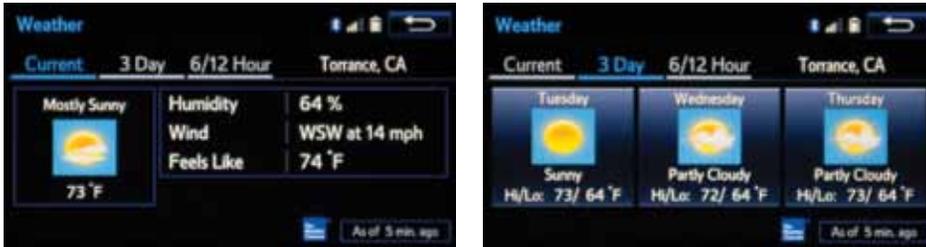

step 2 Select the **Traffic Incident Warning** option to receive voice notification of traffic events within 20 miles along the current route. Press **OK**.

WEATHER

The weather app allows you to access Doppler weather radar information. You can also check the weather forecast for other cities.

To begin, press the APPS button  on the console, then touch  and choose your desired category.

Once you have selected which city, you can check the current weather as well as see forecasts for the next 3 days or next 6 hours, for whichever city you have chosen.

By selecting  you can check an HD Doppler radar weather map of your area. To move around the map touch and swipe to the desired location.

Always drive safely, obey traffic laws & focus on the road while driving. Availability and accuracy of the information provided by HD services is dependent upon many factors.
